The competition for the Horkheimer/O'Meara Youth Journalism Award is only open to writers in the 8-14 age group. The essay should be 300 to 500 words. It is not limited exclusively to astronomy, but can be about any science related topic that interests the contestant — from robin's eggs to quasars. The author should take a factual scientific event or discovery and write an accurate story that is so exciting and informative that readers will not want to put it down. Entries will be judged on four criteria: accuracy, creativity, conciseness, and clarity.
