

# What's Up With the Astronomical League April 2022

Volume 16 Number 1

April 26, 2022

Compiled by Carroll  
Iorg, President

*A periodic publication for the AL membership*

## **Urgent Information for Master Observers Wishing to Receive Plaque at ALCon 2022**

**If you wish to apply for a Master Observer's plaque, you need to register for ALCON 2022 by May 25. As part of the registration, you should indicate that you are a Master Observer, provide your certificate number, and state that you have not received the Master Observer's plaque.**

**You will also need to register to attend the Awards Banquet on July 30, during which time the plaques will be presented. You can register online or by mail.**

**The registration web page is: <http://alcon2000.astroleague.org>**

Please join us on Facebook for the next Astronomical League Live broadcast.

**LIVE 2022!**

**Dr. Jessica Noviello**  
Cryovolcanism  
in the Solar System

NASA image

**Cryovolcanism** – the eruption of water, ice, and dissolved volatiles onto a body's surface. Pluto's moon Charon shows evidence of cryovolcanic resurfacing, but the discrepancies between the estimated surface age determined from crater counts and the estimated time of cryovolcanism's start raise questions about Charon's history.

with **Carroll Iorg, Chuck Allen, Terry Mann,  
Scott Roberts, and David Levy**
