

Asterism Observing Program's Asterism List Change Log

April 29, 2016

- Added asterism 35: Virgo Diamond and renumbered list.
- Changed Name, Designation, and Source for asterism 16: Dolidze 17 - Metronome.
- Changed the Right Ascension and Declination for asterism 25: Little Leo.
- Changed Designation for Jaws and Curved Arrow (now asterisms 37 and 38).

March 24, 2013

- Corrected Davis Dog Dec and Size
- Removed Asterisms: Wagon Wheel, Palm Sander, Jellyfish, Rabbit, Star Eyed Susan, The Angel, Poodle, Handgun, Emission Comet, The Moth, Night Owl, Soaring Owl, Serpents Tail, Rocking Horse
- Asterisms on any previous list will be honored for this certificate. The changes were made to make the number of objects less intimidating to a novice observer.
